## Two Citrix Solutions. One Happy Law Firm.

Posted by [Matt Vecere](#) | on October 6, 2014 | [No Comments](#)

CritelliLaw has been a tech-savvy law firm since its inception in 1967. The boutique firm continues to leverage the latest technology to level the courtroom floor as they take on bigger players.

ShareFile and GoToMeeting have proven invaluable for the firm's success. CritelliLaw relies on ShareFile to keep their data secure. It also lends a weighty advantage in the courtroom: With ShareFile, CritelliLaw possesses the data to prove who has, and has not, received, downloaded and/or forwarded a document. GoToMeeting enables CritelliLaw to record face-to-face meetings — with consent, of course.
